Subject: Request for Exemption from Offer Cancellation Policy.

Respected Sir/Ma'am,

I am Ishita Sehgal, a fourth year student from the Chemical Engineering department(21112031).I have been fortunate to secure two offers - an intern offer from Flipkart with performance based PPO and a full-time role from Technip Energies. However, I was unaware of the rule that securing a second offer would automatically cancel my first one, as this was not communicated by the Training and Placement Office (TPO) or any Placement Representative of my class.

I only recently came to know, two months after securing both offers, that this policy is being emphasized, and now I am being asked to cancel one of my offers. I respectfully request an exemption from this rule, considering that I was not informed of this policy beforehand. It feels unfair to ask me to make this decision after I have worked hard to secure both opportunities without prior knowledge of the cancellation rule.

I hope you can kindly review my situation and provide me with a favourable response, as this decision greatly impacts my future.

Thank you for your understanding, and I look forward to your response.

Yours sincerely

Ishita Sehgal

Final Year, Chemical Engineering
